Our History:

We are a ministry of Our Saviour's Lutheran Church serving children and families in the greater Arlington area for over 35 years.

Educational Philosophy:

As professional Early Childhood Educators, we know the power of play. Our program is directed at the whole child, addressing social, emotional, cognitive, spiritual and physical needs. Our Saviour's Preschool provides a loving Christian environment with emphasis on the developmental stages of the child.

Our Curriculum:

Our Saviour's Preschool curriculum offers:

- A balanced program of child initiated free choice activities and teacher-led small and large group activities.
- A variety of exploration opportunities to broaden children's understanding of our world including: art, sensory, science, manipulative, problem-solving, reading and writing.
- Our goal is for children to leave Our Saviour's Preschool instilled with confidence, well-prepared for kindergarten, and with the foundation to develop a lifelong love of learning.
- We use the Love & Logic™ approach to help children develop a healthy understanding of cause and effect.

Staff:

Each of our teachers hold a bachelor's degree. Our diverse backgrounds are tied together with our common love for teaching young children. We will be attending continuing education events to remain on the cutting edge of Early Childhood Education.

Safety:

Safety is a principle concern at Our Saviour's Preschool. Children are continuously supervised and all precautions are taken to ensure their safety. A background check has been conducted on each staff member.

Medical Info:

Your child's immunization record must be up-to-date when beginning preschool. Please bring a copy to the church office when registering your child.
